

## Are you unhappy about something at the school?

The complaints procedure is for anyone who has a general concern or complaint about something at the school. It is easier for us to investigate a complaint that is not made anonymously. If you have a concern or complaint about:

- School admissions
- School reorganization proposals
- Child Protection
- Exclusion of children from school
- Whistleblowing
- Staff conduct
- Services provided by others to the school
- National Curriculum content

please refer to section 7.9 of our School’s Detailed Complaint Procedure.

### Summary of dealing with a complaint
