

## Literacy:

We will develop our reading skills by securing letter names and sounds. We will practise reading the high frequency words and blending real and nonsense words using our sounds. We will learn to spell words by breaking down the sounds and writing the letters we hear. Our writing will be influenced by Dinosaurs and All about Us!

## RE:

We will be learning about the Creation story through art and literacy. We will also be exploring the Christmas story and look at how Christians celebrate this special time.

## History:

We will be learning about the differences between our toys and toys from the past. We will be learning about toys from different countries and discussing our links to these countries.

## Music:

We shall be singing a variety of songs and using musical instruments to help us understand beat, rhythm and pitch.

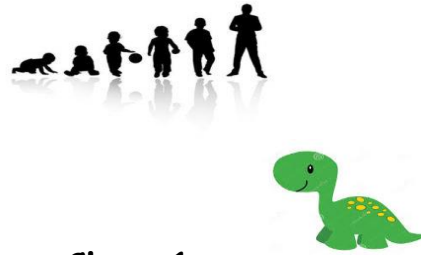

## Settling in:

We will decide on our class charter together to make our class a happy place. We will get to know the new routines and feel at home in Class 1.

## Science:

We will learn about the different materials that toys can be made from. We will learn the names of materials and sort them by their properties. We will also learn all about our sense and the different parts of our body that these are related to.

## Now and BefROAR

## Class 1 Autumn Term

## PSHE:

We will be learning to celebrate the similarities & differences between ourselves and others and exploring how to make the class a safe place to learn.

## PE:

In gym we will be focussing on different ways of travelling and we shall be creating a selection of different dances. **Please make sure that your child has a named P.E. kit in school at all times.**

## Maths:

We will be learning to count, read, write and order numbers. We will explore place value and learn how to represent numbers in different ways. We will learn to count on and back in ones. We will learn to count in multiples of 2, 5 and 10. We will use objects to help add and subtract then write our answers using jottings and sums. We will begin to learn the addition and subtraction facts for each number to 20.

## Art/DT:

We will practise folding and joining paper templates to make a lego man or doll. We will make skeleton pictures using black paper and art straws. We will make a thaumatrope and tumbling acrobat when we learn about Victorian toys. We will learn about the artist Arcimboldo and how to colour mix when we paint a Harvest picture. We will create abstract art which portrays our feelings.

## ICT:

We will design a 'toy shop' and then learn to program a floor turtle to navigate the route. We will use the laptops and learn to program a route for a car, ladybird or rocket using the 2simple programme. We will create a pictogram of our favourite fruit during Harvest. We will also be reading ebooks on the laptops during reading workshop.
