KEY WORKER STATUS

If you think that you meet the criteria for a key worker and will need your child to come to school on the days that you work, please get in touch now. Places will be offered only on days when key workers are attending work as the schools have not been notified of the size limit for key worker bubbles as yet.

Should we reach capacity (when we know what that is), we may be required to ask parents for identification, i.e. payslip or work ID badge.

For those of you who attended when we were closed in March, we already have you on our key worker list, but please could you just email school to confirm if you still need a space and which days you will require.

Karen Walker
