16 September 2026

Dear Parents,

On **Thursday 1st October**, Year 4 will be visiting the Winchester Science Centre. This visit will enrich the pupils' learning of our current enquiry: What is sound?

A visit to the Winchester Science Centre offers pupils an unforgettable day of practical science exploration. Children will take part in a Sound workshop, and spend time exploring the centre with all its activities, including a Planetarium show. These experiences will deepen their understanding of sound and how we can observe sound as scientists.

We will travel by coach, leaving school at 9:00 am. Pupils will need to bring a packed lunch, which will be eaten inside. Please ensure children are in their school uniforms with a coat, water bottle and sensible shoes. We expect to return by the end of the school day.

The Friends of St. Andrews are contributing £10 per child – thank you FOSA. An additional contribution of £21.00 per child is required to cover the cost of this exciting trip.

Consent and payment can be completed online via the school app.

If your child receives free school meals, Mrs. Carpenter can provide a packed lunch upon request (please order by 23 September).

We are very much looking forward to this exciting opportunity, which promises to be both educational and memorable.

If you have any questions, please contact the school office at admin@st-andrews-laverstock.wilts.sch.uk.

Best wishes,

Mrs Symes and the Year 4 team
