**ST ANDREW'S PRIMARY SCHOOL**  
**COLLECTIVE WORSHIP**

**1. Our Core Values**

We know that God loves us and show it by being loving, honest and respectful. (Reviewed with staff, governors, children and parents 2017)

**2. Introduction**

As a Church of England aided school, the collective worship is always Christian. We believe that Christian worship should involve and interest all members of the school community enabling them to discover God's place in their lives.

**3. Aims**

- a. To place ourselves in the presence of God and to see worship as relevant to everyday life.
- b. To promote spiritual, moral, social and cultural development of pupils.
- c. To achieve a balanced programme to facilitate worship.
- d. To be seen as an integral part of the whole Christian ethos of the school.
- e. To strengthen the community of the school and to prepare for opportunities, responsibilities and experiences of life.
- f. To become more sensitive to the wonders and mysteries of the creation.

**4. Objectives**

- a. All members of the school community will establish a sense of belonging i.e. we are **all God's Children**. To contribute to the religious education of all pupils.
- b. The children will experience different forms of Christian worship by participation and involvement.
- c. Each activity should be educational as well as spiritual.
- d. Children will experience an interesting and varied programme of Collective Worship.
- e. Children will be encouraged to take part in Christian practices e.g. responses, introduction to Holy Communion at St. Andrew's Church, prayer, reflection etc.

**5. Implementation/approach**

Our Collective Worship will:

- a. Provide opportunities for thought and silence.
- b. Create and develop an environment conducive to worship and reflection.
- c. Use appropriate language and explanations to enable pupils to understand the content.
- d. Renew our Christian values and help the children to find a sense of belonging.
- e. Promote feelings of awe and wonder, love, compassion and understanding of personal relationships.

## ‘Do Everything In LOVE’ - 1 Corinthians 16 v14

We take this light of Christ  
To shine in our hearts today.

At the end of worship, after the candles have been blown out, we may also include notices and school community news

The whole school will take part in a church service each term.

The Autumn Term service will be a Holy Communion Service on St Andrew's Day. All the children will receive a blessing at the altar and the staff encouraged to take communion.

The Spring Term service will be a Holy Communion Service celebrating Easter. All the children will receive a blessing at the altar and the staff encouraged to take communion.

The Summer Term service will be a Holy Communion Service. All the children will receive a blessing at the altar and the staff encouraged to take communion.

In planning our Collective Worship Themes, we have considered the two main dimensions of religious education.

- A) Implicit - concerned with children's personal feelings, relationships, experiences, questions and responses to life, and
- B) Explicit - a body of knowledge, the ways in which religious communities express their belief, behaviour and values.

These two dimensions are to link closely with the religious education policy of the school and the curriculum links within each class.

The main themes of Collective Worship (see 13) contain both implicit and explicit material. A theme can be developed or extended within the individual classroom.

These main themes are revisited annually using different material. Favourite stories may be revisited on a regular basis.

The RE and Collective Worship co-ordinator will plan the themes for each term, and suggest activities for class worship, thus ensuring continuity across the school.

The themes used are planned on a three year cycle to ensure variety and deeper understanding. The current cycle of planning is attached to this policy.

It is to be noted that our Collective Worship will allow for the unexpected, ie local/world events when the occasion arises.
