

SPECIAL TABLE

NEWS!

On 24th September, Mrs Carpenter and the lunch time supervisors were able to make the special table appear in the dinner hall once again. It is wonderful how one person from each class can sit and enjoy lunch together with their choice of friend.

On the special table, you get a free apple juice or orange juice, waitress service and a lovely scenery of different themes (that change each week.) You can also get your dessert brought to you as well as having your lunch waitress serviced. Because special table is on a Friday, you can say to the lunch monitor who is serving you, which packet of sauce you want. You can earn this if you have had an amazing week at the school dinner hall, for example. Using cutlery correctly, being quiet in the dinner hall or being polite. As always, the amazing food is cooked by Mrs Carpenter.

Cooking Club

Our Cooking Club has been run by Mrs Carpenter. Year 4 were the first group and they enjoyed it very much. The first session in week 5 was to prepare scones for afternoon tea for the students. The children had to bake the scones and then serve the cups of tea or coffee. The scones were served with fresh cream and jam. During the course they cooked cinnamon buns which were a great success.

This year's SNAG representative (school nutrition action group) had a meeting on Tuesday 21st September. Covid 19 stopped SNAG from having a meeting last year. This year they got to have a meeting and tried some delicious rhubarb cake that Mrs Carpenter made (St Andrew's school dinner lady). After the meeting SNAG asked their Classes what their favourite school dinner and pudding was. Due to Covid 19 last year they could not do Special Table but they can do it this year.

The current SNAG representatives are Ewan, Izzy, Hannah, Maisy, James, Helena, Ivaylo, Charlotte, Felix, Noah, Tilly, Nathan, Hugo, Mariah, Karen Walker, Donna Fagan, and Jane Carpenter. The representatives were chosen by their classes.
