

Class 2 - Term 2 - Homework

Each week your child will have a list of spellings to learn and practise; these will follow a specific rule, which we will look at in school at the beginning of the week - we will have a spelling test on the following Monday. I will also set 1 Mathematics task per week, linked to our current maths objectives (this should only take 10 minutes). **Please** read with your child daily if possible, it makes such a difference to their progress in reading as well as them earning house points. The grid below has a selection of activities linked to our learning for the term. You can choose how many you would like to complete but I recommend you have a go at as many as you can as this will support the learning taking place in school and will allow your child to share their school topics with you. Any home learning can be recorded in their homework book and we will share these, as a class each Monday.

<p style="text-align: center;">Science Activities Uses of everyday materials</p>	<p style="text-align: center;">Topic Activities Great and Ghastly - The Great Fire of London</p>	
<p>Build a tower using spaghetti and marshmallows. How tall can you make your tower? Which shape is best to use for the base?</p> 	<p>Design an information poster to promote fire safety. Can you think of a catchy slogan to help you remember what to do in a fire?</p> 	<p>Draw, paint or create a collage to depict the Great Fire of London.</p> 
<p>Create a marble run, on a piece of cardboard, using recyclable materials from around your house. How many different materials can you include? Think about the properties of each material that you use.</p> 	<p>In school we will look at the timeline of London during the Great Fire, create a timeline of your life so far that includes key events such as the year you were born, the year you started school each.</p> 	<p>The Great Fire of London was thought to have started in a bakery in Pudding Lane. Have a go at baking something at home. Write the recipe down to share with the class.</p>
