

Class One received a letter from the Evil Pea, saying that he had trapped the vegetables and Supertato! We put our superhero capes on to go on a super search to rescue them. We found all the vegetables except Supertato. With our talk partner, we designed a trap for the Evil Pea and left them overnight. In the morning we had trapped lots of peas! Supertato left us a letter to say that he has escaped thanks to Class One. He asked us to learn his story to tell others and that he would return to hear them.
